

2025-09-20 Meeting Agenda

Date

20 Sep 2025

Participants

- RAIL PG-2 project team
 - o Tao Xu a1937511
 - o Jinchao Yuan a1936476
 - o Zilun Ma a1915860
 - o Di Zhu a1919727
 - o Xin Wei a1912958
 - o Yifan Gu a1909803
 - o Tianhua Zhang a1915934
 - o Zihan Luo a1916700

Goals

- Share team progress in the end of Sprint 3
- Discuss problems that were faced in the end of Sprint 3
- Provide solutions for faced problems
- Discuss the snapshot 3.2
- Next steps based on the Sprint 3 result

Discussion topics

1. Share team progress in the end of Sprint 3

- The feature engineering team and the feature selection team will share techniques that they improved or additional techniques they used.
- The ML model training team will report what combination of a training table and techniques and models are useful.

2. Discuss problems that were faced in the end of Sprint 3

- Team members will propose questions during the end of Sprint 3.

3. Propose feasible solutions for problems

- Team members provide solutions, if they know how to solve the problems.

4. Discuss the snapshot 3.2

- Check the content of snapshot 3.2.

- Complete the part of summary changes

5. Next steps for the next

- Team members will make plans for the next sprint.
