

2025-10-18 Meeting Notes

Date

18 Oct 2025

Participants

- RAIL PG-2 project team
 - o Tao Xu a1937511
 - o Jinchao Yuan a1936476
 - o Zilun Ma a1915860
 - o Di Zhu a1919727
 - o Xin Wei a1912958
 - o Yifan Gu a1909803
 - o Tianhua Zhang a1915934
 - o Zihan Luo a1916700
 - o Sheng Wang a1903948

Goals

- Share team progress in the end of Sprint 4
- Discuss problems that were faced in the end of Sprint 4
- Provide solutions for faced problems
- Discuss the snapshot 4.2
- Next steps based on the Sprint 4 result

Discussion topics

1. **Share progress at the end of Sprint 4**
 - This week, team members have chosen their combination of model and XAI technique. In the meeting, each member will report the analysis results regarding the importance of the features on model training and prediction with visualized plots.
2. **Discuss problems that were faced at the end of Sprint 4**
 - Team members will propose questions at the end of Sprint 4.
3. **Propose feasible solutions for problems**
 - Team members provide solutions if they know how to solve the problems.
4. **Discuss the snapshot 4.2**

- Check the content of snapshot 4.2.
- Complete the part of the summary changes

5. Next steps for the next

- Team members will make plans for the next sprint.
