

# 2025-08-23 Meeting Agenda

## Date

23 Aug 2025

## Participants

- RAIL PG-2 project team

## Goals

- Discuss the research findings on feature selection, feature engineering, and machine learning techniques

## Discussion topics

### 1. Research findings discussion

- Briefly explain the findings, and any interesting facts found from the dataset.

### 2. Teamworking on InsightFactory

- Discuss on how to collaborate on this platform.

### 3. Snapshot and progress

- Since we are near the end of sprint 1, we need to summarize our progress in order to move on to the next sprint.
